

FruitLook January 2019: FruitLook Training Calendar for 2019

Dear Mr. Doe,

We would like to wish you a wonderful new year and a healthy, happy 2019. In 2019 FruitLook will continue to support the agricultural sector in the Western Cape. An important part of this is training. FruitLook Training sessions are presented monthly at Elsenburg. During these training sessions, attendants have the opportunity to look at a known fields through the FruitLook “lens” and get a better understanding of what is “visible” through FruitLook.

The training is presented **free of charge** to support the agricultural industry to use FruitLook to its full potential. Please book (or cancel) your place in advance via info@fruitlook.co.za. The training dates are listed in the table below. The first training sessions is around the corner - 17 January 2019 - so registration is open!

Training Dates at Elsenburg
17 January 2019
07 February 2019
07 March 2019
04 April 2019
09 May 2019
06 June 2019
04 July 2019

In 2019 we will offer two types of training: one for new users and one for advanced users. The FruitLook Basics session is planned in the morning from 8.30 to 12.00. The more advanced FruitLook Full Farm (Seasonal) Assessment will take place in the afternoon from 14.00 to 16.00.

FruitLook Basics (08.30 - 12.00): During this session the FruitLook basics are explained. It focuses on using the website and how to do basic interpretations of the FruitLook data. It consists of two parts:

- 1) From 08.30 and 09.30, we assist in ordering your first blocks in FruitLook - for those who have not done so yet.
- 2) If an account is already setup and a block already ordered, you are welcome to join at 09.30. From 09:30 to 12.00 you will learn how to use the FruitLook website and gain a better understanding of the different FruitLook datasets to assist you in making basic interpretations of what you “see”.

For this session we can accommodate a maximum of 12 people. We have computers available for you to use but you are welcome to bring your own.

FruitLook Full Farm (Seasonal) Assessment (14.00 – 16.00): From January 2019 a new FruitLook training session will take place, focusing on doing a complete farm assessment using the FruitLook data. Aspects which will be discussed include water budgeting, seasonal growth analysis and general observations on farm productivity.

For this session we can accommodate a maximum of 6 people. You are advised to bring your own laptop and if interested other relevant information (e.g. irrigation and or production data).

Want to organize FruitLook training in your area or at your own venue?

Please contact us via info@fruitlook.co.za or + 27 (0)74 322 6574 to discuss the possibilities.

The FruitLook website can be visited on www.fruitlook.co.za.

Thank you for reading this newsletter, we hope to welcome you soon on one of our training sessions. If you have any remarks/questions about this newsletter or FruitLook in general, feel free to contact us *via* info@fruitlook.co.za.

See you soon on FruitLook!
